

Based on the Volkswagen LT

## Devon Accessible Buses

Probably the largest specialist van converter in the country, Devon have an enviable record of quality. The Devon community buses are based on the Volkswagen LT31 high roof van, with a choice of petrol or diesel engines. With an outstanding reputation for reliability and economy they meet the requirements of social services, care homes, charitable/ community groups and dial-a-ride organisations.

Constructed to the highest specification either as one of our standards or to your individual requirements to include electro hydraulic lifts, 'cut-in' fold-out steps and a large choice of floor covering and seating.

# Devon Accessible Buses

## Specification

Base Vehicle: Volkswagen LT31 high roof van.

6 cylinder 2.4 litre engine - 90 bhp petrol or 78 bhp diesel.

Interior: Sides and roof trimmed in soft material. Alloy kicking panels at floor level.

Floor: Existing van floor covered in bonded plywood and overlaid with anti-slip material.

Glazing: 3 plain safety glass windows each side, the rearmost have top sliding sections.

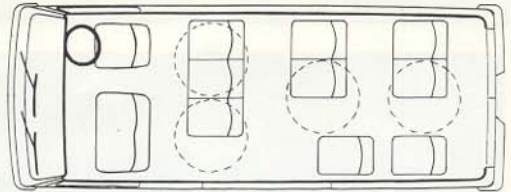

Entrances: Via side sliding door using the cut-in fold out step and ascending rails. Bump pads are fitted along top edge of door aperture. Electro hydraulic lift is fitted at rear for wheelchair access.

Seating: Comfortable high-back seats in rear saloon trimmed in either PVC or cloth. These are removeable as necessary to accommodate up to 4 wheelchairs.

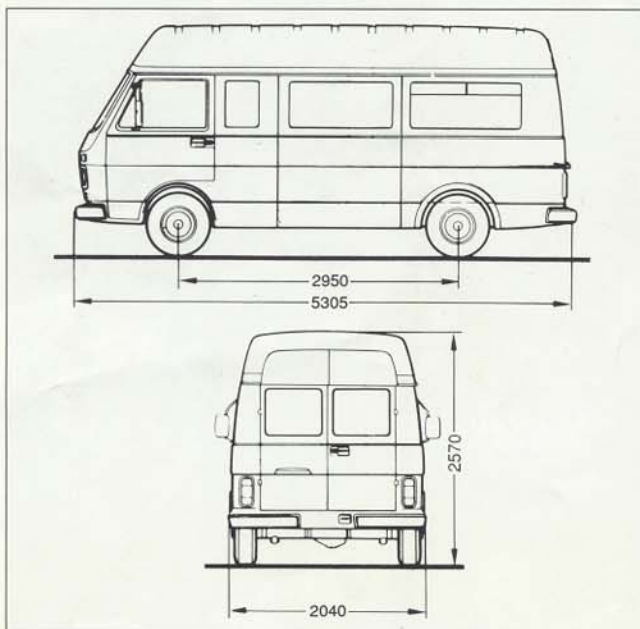

Wheelchairs can be fixed to the floor of the vehicle by means of sockets and clamps or, as an option, with tracking and clamps. Full harnesses are also available as options.

Options: Restraint belts for saloon seats and wheelchairs, parcel racks, roof ventilators, saloon heater, radio/cassette player, floor carpet, tinted glass, reversing bleeper, etc.
