

 **Devon**
Welfare
Bus

THE DEVON WELFARE BUS has been thoughtfully designed to carry the elderly and disabled comfortably and efficiently.

It incorporates the best of Volkswagen's engineering with traditional Devon quality and is already popular with many important charities and community councils.

Excellent interior accommodation (so necessary for easy wheelchair handling) and the car-like driving qualities make the Devon Welfare Bus the right choice for voluntary drivers.

Nationwide servicing back-up from the Volkswagen LT dealer network. Main services at 10,000 mile intervals. A 12 month or 60,000 mile (for engine, gearbox and rear axle) warranty. With a Volkswagen factory approved Devon Welfare Bus, you are assured of the minimum of time off the road.

Specifications

Interior trim: existing floor overlaid with thick plywood and covered in top quality linoleum. Sides trimmed in white laminate panels, with aluminium kicking strip to floor edges.

Windows: 6 side windows are fitted, 3 with top sliding section. Rear offside window mounted with Rip-Pull section as an emergency exit.

Ventilation: roof mounted lift-up ventilator.

Entrance and lift: side entrance via standard Volkswagen sliding door over fold-out step, with tubular stainless steel ascending rail. Rear full height loading doors opening through 90° entrance for wheelchair bound passengers on 250 kg electro-hydraulic welfare tail lift.

Seating: for 14 maximum in rear saloon on low back PVC covered seats. Mounting can be varied according to individual requirements, either fixed or with quick release fasteners on tracking to facilitate accommodation for a maximum of 6 wheelchairs.

Lighting: two flush-fitting fluorescent lights mounted to roof centre, with driver operated dimmer switch.

Storage: Large storage locker is provided above the cab. Access is gained by a hinged drop-down flap.

Optional extras

K.L. 5KW recirculatory heater. Swivel type rear loading light. De Luxe seating. Tinted Windows. 1977 Minibus Act specification. Folding stretcher. Choice of tail lifts. Signwriting.
